EARLY EDUCATION PROGRAM

EARLY EDUCATION

The early educational program at Calvary Baptist Day School allows children to grow and develop as Jesus did in "...wisdom and stature and in favor with God and man." (Luke 2:52). Our program includes a wide range of multi-sensory activities designed to meet the needs of children at their appropriate developmental level. We believe learning occurs in a fun, safe, loving, and exciting environment. Activities range from the quiet to the active. Students are taught on the individual level as well as in small and large groups. We work as a team with parents to provide the best education possible for children. Each child is a creative gift from God. We count it a blessing to be a part of his/her life.
